

YEAR 5 - AUTUMN 2

English

Year 5 will be learning about World War 2 this term. We will be using a short video stimulus, called 'The Piano', to create short stories about the war. This will link in with the curriculum topic of the term. Year 5 will be using the short film to create a playscript between the characters within the video and will also be using drama to convey emotion and progression within the story.

Upcoming events

5SP and 5HF : P.E Thursday morning

Parents' Evenings - Evenings of the week beginning 23.11.20.

Christmas Jumper Day and

Christmas Lunch - Wednesday 9th

December

Class Parties - Thursday 17th

November

End of Term - Friday 18th December

INSET - Monday 4th January

Children Return - Tuesday 5th January

Maths

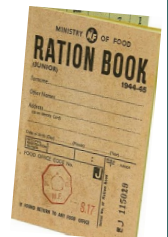

This term, Year 5 will consolidate their knowledge of place value, addition and subtraction as well as adding and subtracting decimals. They will look at formal methods for multiplication and division and use this knowledge to solve problems involving perimeter, area and interpreting remainders appropriately for the context. It is therefore important that their times table knowledge is strong and they can instantly recall these facts orally.

Half Term Task

To consolidate the children's learning, we would like them to create an item from World War 2. This could be anything from a gas mask to a ration card.

This project is due Monday 14th

December

Homework

Please support your child at home with learning their times tables, spellings and completing the English and Maths activities that we set for homework each week.

Homework is due every Thursday and new homework will be handed out on

Curriculum

This half term, Year 5 will be focusing on learning and developing a deeper understanding of Britain during World War 2. Children will be learning about the affects of propaganda, the changes in lifestyle, the role of women during the war and rationing. One of the main outcomes of this topic is writing a letter as an evacuee to convey the emotions and changes a child of the time experienced.
